## MAY 18, 2025 + FIFTH SUNDAY OF EASTER

The word "charity" unfortunately has diminished to monetary giving, a gift of money to a needy person or organization. This is but a very small part of charity, true love of neighbor which Christ made the distinguishing mark of Christians. He who truly loves seeks those things which concern their neighbor's most important purpose in life, their eternal salvation.

Here is where so many Christians fail in charity. Effective interest in missionary activity is a case in point. Practical help in parochial matters, taking part in various groups intended to build up and strengthen the faith and devotion of parishioners is another obligation of charity. Advising and encouraging, with Christian kindness, a neighbor is an exercise of charity. There are many lapsed Catholics in the world today, who would not have lapsed had true charity been practiced by their relatives and neighbors. And, last but not least, there are millions of people who have remained outside the Church because the hallmark of charity which Christ said was its distinguishing mark was tarnished or invisible. Each one of us could, with great profit, spend a few moments today looking into ourselves and comparing our thoughts and our words and our actions with the thoughts, words and actions of love which Christ expects from his followers.

It is never too late to mend. Begin today to take a genuine interest in the spiritual fate of your family and neighbors. Where words have already failed perhaps, try prayer and example. The grace of God will cooperate with your sincere, charitable effort.

God Bless,  
Fr Leo
