Mission Cooperative Appeal

The Crosier order is one of the oldest religious orders in the Church. We were founded by Blessed Theodore de Celles in 1210 in what is now the diocese of Liege, Belgium. Our spirituality is that of the glorious Cross and our mission is to touch suffering with hope. Today, more than 800 years since our foundation, we are serving the people of God in Europe, North America, South America, Asia, and Africa.

In Africa, we live and serve in one of the poorest countries on the planet, namely the Democratic Republic of the Congo. Nearly 70% of the population live in extreme poverty, subsisting on less than \$2 a day. Since the beginning of the war 27 years ago, more than six million people have died, millions of children have been forced into the worst forms of child labor, and thousands of women have been violated.

In 2007, the Crosiers created a mental health clinic named Holy Cross Listening Center. The mission of this center is to be a place where those who have been impacted by war and its horrors can receive medical, mental health care, and pastoral services. Since 2007, thousands of people seeking physical, mental, and spiritual healing have been welcomed with compassion, dignity, and love.

The biggest challenge faced by the Center is that most of our patients are without financial resources. We serve people who have literally lost everything. For example, Kaka, a newly married young woman, was sexually assaulted on her way to the fields to harvest cocoa. When she told her husband what happened to her, he expelled her from his house and she was driven out of the village because she was deemed to be "impure." Blaming victims for their own victimization is yet another atrocity that so many endure.

True to our mission – to touch suffering with hope and offer a place of healing for all – keeping our doors open to anyone who turns to us for help. People like Kaka especially need our help, care, and love. This is why we ask those of goodwill to help us continue to care for those who so urgently need hope and healing.

Currently, the Center desperately needs to increase its accommodation capacity from 45 to 75 beds. An additional 30-bed building will make a significant difference, not only in addressing current accommodation needs, but for years to come. The total cost of this project is \$250,000.
