Future Building Committee

Seven Dolors has been excited to start on an upcoming building project— the construction of a new parish center! With the summer, we gained some time that has allowed us to focus our attention to this new project. In addition to a new parish center, we plan on updating other buildings on campus as well.

This past Wednesday, we met with RDG Architects (the company that helped with the 2018 renovation of the church) to begin preliminary work looking at our parish wants and needs. Soon—within the next three months—we will be hearing back from the company with more detailed information regarding the scope of work and expected timeline

Recently, discussion and research went into exploring the option of a new elevator in the north tower. The idea was met with enthusiasm. However, with additional information and the loss of current useful space, we concluded that an elevator there would not be ideal for the parish at this time.

Overall, the committee is excited for the future of our parish and ready to embark on these campus improvements! There are many good things happening here.

If you are wanting to become more involved with the parish, please check out the active committees we have. Social Action, Formation, Parish Life, Evangelization... we would love to hear your voice!

..... In Christ's love,
Fr. Ryan
